

TYREinflate 10 ESSENTIAL

Rubber foot pad

For improved grip when inflating

Easy to read pressure gauge

Accurately reads in PSI and BAR

Adaptors included

Adaptors included for sports equipment and leisure inflatables

The essential foot pump for all your inflation needs

The OSRAM TYREinflate 10 ESSENTIAL is designed for effortless and efficient inflation, making it an essential tool for car, motorcycle, and bicycle tyres, as well as sports balls and inflatable items. With a durable steel barrel and non-slip foot pedal, it provides stability and comfort during use, ensuring smooth, easy pumping action. The clear pressure gauge allows for precise monitoring, helping you achieve the desired pressure quickly and accurately.

Compact and portable, this foot pump is easy to store in your vehicle or garage, ready for use whenever you need it. The reinforced hose and universal valve connectors make it compatible with a variety of inflatables, offering versatility and peace of mind. Built to last and designed for convenience, this foot pump delivers reliable inflation power, wherever the road takes you.
